Information for applicants with foreign academic qualifications

Information on applying via uni-assist.de

Only for degree-seeking students (not for Exchange students)
1. WHAT is uni-assist?

uni-assist e.V is the working service point for international student applications, situated in Berlin. On behalf of the Protestant University of Applied Sciences (EvH RWL), uni-assist processes all study applications from German and foreign prospective students who submit proof of education from abroad. uni-assist checks whether the certificates and documents submitted are complete and whether the formal requirements for admission to the desired course of study are met.

The examination by uni-assist costs a processing fee, which the applicants have to pay themselves (see "8. Costs"). In return they can apply to several uni-assist universities at the same time and do not have to submit their documents more than once. Further information: [www.uni-assist.de](http://www.uni-assist.de)

2. WHO has to apply for a study place via uni-assist?

The following applicants must apply for a place at the EvH RWL via uni-assist:

- All German and foreign applicants,
  - who apply for a Bachelor's or Master's program with foreign educational certificates or academic qualifications
  - who did not acquire their university entrance qualification in Germany or at a school with German Abitur examination regulations
  - who apply with a passed Feststellungsprüfung/Studienkolleg (G or W course)

A university entrance qualification is an educational qualification that entitles the holder to study the desired subject area at a German university. University entrance qualifications from abroad are for example: Matura, A-Levels, High School, Diploma, Baccalauréat and others.

3. WHO does not have to apply through uni-assist?

The following applicants do not have to apply via uni-assist:

- All German and foreign applicants who acquired their university entrance qualification in Germany or at a school with German Abitur examination regulations.

These applicants apply via the EvH applicant portal: [https://www.evh-bochum.de/bewerben.html](https://www.evh-bochum.de/bewerben.html)

4. REQUIREMENTS: What requirements do I need to meet?

To be able to study at EvH RWL, applicants must fulfill the following requirements:

- They must have a higher education entrance qualification, i.e. a school or university leaving certificate with which they are permitted to study a humanities/social science subject at a German university (of applied sciences). Applicants with educational certificates from abroad can check in advance whether their degree certificate meets the requirements here: [https://www.uni-assist.de/tools/check-hochschulzugang/](https://www.uni-assist.de/tools/check-hochschulzugang/).
  Detailed information on the required certificates can be found under "6. Application documents".

- Applicants with educational certificates from abroad can check here whether they have a higher education entrance qualification with their diploma: [https://www.uni-assist.de/tools/check-hochschulzugang/](https://www.uni-assist.de/tools/check-hochschulzugang/)

Applicants who apply via uni-assist and are not German citizens must prove their German language skills with a recognized German language exam. An overview of the recognized German tests can be found under "6. Application Documents".

- Special enrollment requirements for the desired degree program:
  - For most BA programs: a pre-study internship

11. General information

Awarding criteria

The study places at the EvH RWL are assigned after a points ranking. This means that the applicants with the most points according to the criteria of the points catalog (see below) have the best chances for a study place.

For applicants who have obtained their university entrance qualification abroad and who are not citizens of the EU, 7% of first semester places are reserved. If fewer or the same number of applications are received from foreign students, all of them will receive a study place. If more applications are received from foreign students, the places will be allocated according to the points ranking.

Procedure: A ranking list is drawn up based on the number of points. The available study places will then be awarded in the order of the ranking list to the applicants with the most points. If the number of points is equal, preference is given to applicants who are taking up studies for the first time. Afterwards, preference will be given to applicants of a higher age.

Points are awarded for these criteria:

BA Social Work and BA Special Education/Inclusion:
- Academic achievement (average grade of the Abitur/specialized high school diploma) or result of the entrance examination
- (three-year) completed vocational training
- Main professional activity(ies)
- Child rearing and/or care of relatives
- Other (honorary) activities with church institutions and welfare organizations
- Voluntary service / civil and military service
- Waiting period since obtaining the university entrance qualification
- First-time admission to a course of study

Master programmes
- Final grade (average grade achieved so far) from the qualified degree in social work or related fields
- Practical experience
- Professional activity in protestant or diaconal institutions
- Letter of Motivation
- Waiting time

For further information on the awarding of points see https://www.evh-bochum.de/bewerben.html

VORAUSSETZUNGEN – ABLAUF – VERFAHREN

Hardship application

An application for a hardship case (application for consideration as a so-called "hardship case" in the allocation of a study place) can only be submitted if it can be proven that the applicant has such serious health, social or family reasons that he/she cannot be expected to wait even one semester for admission, even when applying particularly strict standards. Recognition as a case of hardship is therefore only possible for a few people. The EvH RWL applies the evaluation criteria of the Foundation for University Admission "hochschulstart.de" when examining applications.

The application for recognition as a hardship case can only be submitted for one course of study and must be submitted by the application deadline at the latest - also via uni-assist. The application must be made in writing on a separate form, must be carefully substantiated and must be accompanied by suitable documents (e.g. medical reports from a specialist).

Admission or rejection notice

After the end of the procedure (approx. end of July for the winter semester and end of January for the summer semester) and all applicants receive a confirmation of acceptance or rejection. If you receive a rejection, however, it is possible that you may still be assigned a place in the program in the follow-up procedure. In this case you will also receive a corresponding notification. With your application in due form and time you will automatically take part in the succession procedure, there is nothing further to be done on your part. Unfortunately, we are unable to provide information on the status of the procedure in the meantime.

With the notification of admission you will be given a deadline for acceptance, which you must meet, otherwise the place will be re-allocated. You will receive a date and further information on enrollment (registration) with the letter of admission.

The notice of admission is invalid if the enrollment is not made within the deadline or if the enrollment is refused or revoked according to the enrollment regulations of the EvH RWL.
BAföG

Information on study support in accordance with the Federal Training Assistance Act (BAföG) can be obtained from the Akademisches Förderungswerk der Ruhr-Universität Bochum, Universitätsstr. 150, 44801 Bochum, which is also responsible for the study support of students at the Protestant University RWL.

Semester contribution / Tuition fees
The amount of the semester fee is currently 333 EURO, but this amount may change when enrolling for the next semester. This contribution currently includes the NRW-Ticket for the use of public transport.
Tuition fees are currently not charged.
